

**SACRED HEART CONVENT INTERNATIONAL SCHOOL
SARABHA NAGAR, LUDHIANA**

CIRCULAR NO: 7/2023-24

Dated: 26.05.2023

Dear Parents / Guardians,

Sometimes when I consider what tremendous consequences come from little things ...
I am tempted to think ...
there are no little things.

Bruce Barton

The classical conditioning experiment by Pavlov, does not surprise anyone anymore; infact it has been invariably used to sync the brain in desired directions. The logic is, if you study the same subject, in the same manner and sit for exams in the same atmosphere, in the same pattern; your brain makes positive associations and gets trained accordingly.

A woodcutter was once asked, 'What would you do if you had just five minutes to chop down a tree?' He answered, 'I would spend the first two and a half minutes sharpening my axe.'

With nearly 6 months left to prepare for the final examinations, it's high time for you to sharpen your metaphorical axe; and we will try simulating the exam environment continually and repetitively to help you sharpen it better and train your brain.

The little things about to make a big difference in our academic outcome, are:

Our Effort, Our Persistence and Our Examination schedule:

Fragment 1(July String)

Fragment 2 (August Succession)

Forecast Grade 1 (September Amalgamation)

Forecast Grade 2 (November Trial)

- To facilitate detailed and embrasive content grasp, the July-August series will be held as a set of 2 examination schedules, with each assessing only 50% of the complete curriculum.
- To tune students with comprehensive and expansive subject knowledge, the September series will be the Forecast grade 1, with all subject components under one canopy.
- To acquaint the learners of exact exam conditions and execution, the November Preview will be the Forecast grade 2, with IGCSE pattern date sheet.

We share the first procedural plan with you and the subsequent Schedules will be updated along the process.

DATE SHEET FOR JULY 2023 REVISION EXAMINATION ROUND-I
CLASS- X
TIMETABLE-I

Date	Day	Syllabus/Component	Code	Duration
10.07.2023	Monday	Mathematics Core	0580/12	1h
		Mathematics Extended	0580/22	1h 30 m
		Mathematics Core	0580/32	2 h
		Mathematics (Core & Extended)	0580/42	2 h 30 m
12.07.2023	Wednesday	Information and Communication Technology	0417/12	1 h 30 m
		Information and communication Technology (Practical)	0417/21	2h
		Economics	0455/12	45m
		Economics	0455/22	2h 15m
13.07.2023	Friday	Information and Communication Technology (Practical)	0417/31	2h
