

**SACRED HEART CONVENT INTERNATIONAL SCHOOL
SARABHA NAGAR, LUDHIANA**

CIRCULAR NO: 11/2023-24

Dated: 17.08.2023

Dear Parents / Guardians,

Affable Greetings!

Evaluation is an important aspect of the educational process as it determines the accomplishment of students. It empowers students to identify their strengths and develop them or acknowledge their weaknesses and resolve them.

Come September and we can fairly state that **September is the new January**, for it marks a period of **self-evaluation** and **reflection**. The month of September is synonymous with the Summative Assessment-the time to seek a more formal approach to outline the extent of students' knowledge and collect evidence of his/her proficiency.

The September Progression Test not only measures the effectiveness of the curriculum, teaching methods and programs, in addition, it activates students as owners of their own learning and engineers' feedback that makes learners move forward.

Hence, dear students it's time to sync to the **September Strategy of a Clean Slate**, wherein you work on your **Student Portfolio**, with a burst of renewed zeal, charged possibility and promise.

The Summative Assessment scores will serve as determiners to strengthen and stabilize secure shores. The process of self-evaluation can direct the learners to prepare well for the next performance, based on the past and present experiences.

Dear Students

The world around us abounds in examples of people who 'persevered' and succeeded. Perseverance has a magical talisman, before which difficulties disappear and obstacles vanish into thin air. Perseverance is about **-Commitment, hard work, patience and trying again and again.**

Thomas Elva Edison is said to have failed many times while he was making the electric bulb. Walt Disney, the world-famous cartoonist, was rejected by many newspaper editors. They felt he had no talent. One day he got an opportunity to draw some cartoons for a local church. Working from a small shed infested with mice. Disney was inspired by a small mouse that went about its life, darting in and out of its hole. This is how the idea for Mickey Mouse was born.

Hence, as your Summative Evaluation approach, it's time to be patient and keep persevering towards your exam goal. Keep these proven Exam Tips and Strategy handy-

Make a **schedule** for each day.

Prioritise your tasks-important ones to be done first. Adapt **self-control** to not be distracted by unimportant things. Remind yourself: **work comes before leisure**. Give up **laziness** and the habit of **procrastination**.

Furthermore, the **R.E.A.L** success strategy will help you sail smoothly through the September Summative Examination.

R stands for **READINESS**- Be focussed in your daily classroom learning and exhibit readiness in classroom discussions and assignments.

E stands for **ENDURANCE**-Remember the assessment is a test of your preparation, memory training and endurance. Put aside your soaring stress levels and approach the examination with a relaxed mind. **Practice to Perfection and half the battle is won.**

A stands for **AVOID** - Social media is one of the biggest distractions that you can face. So, deactivate and disarm your accounts, apps, internet and phone connection.

Avoid mindless scrolling and set your **exam goal cards**.

L stands for **LEVERAGE**- 'Give me a lever long enough and a place to stand and I can move the Earth.'-Archimedes

By applying the concept of leverage, you can accomplish sure shot success. Make optimum use of your time, resources, judgement and knowledge.

P.T.O.

Kindly leaf through the datesheet of Progression Test-I:

PROGRESSION TEST -I DATESHEET (CLASSES: I-V)
