**CIRCULAR NO: 21/2023-24**

**Dated: 21.11.2023**

**Dear Parents and Students,**

In the midst of the Advent merriments of Christmas, we are drawn to deeply reflect on the values that define this extraordinary time of year. Christmas beckons us to nurture authentic connections, find inner serenity, and radiate the spirit of joy, kindness, forgiveness, and the act of sharing. It stands as a magnificent celebration of love, a moment when our hearts expand to express affection, gratitude, and empathy to those we hold dear. With immense pleasure, we extend our heartfelt wishes to you and your families, embarking on this splendid journey of togetherness and celebration.

In this season of celebration, we offer a timeless lesson drawn from the Bible, the Parable of the Talents.

Lord Jesus came to recognize the immense significance of wisely utilizing our unique talents. He shared the Parable of the Talents with his followers, a story of a master entrusting his servants with various resources. The master's hope was that they would invest and multiply these gifts during his absence. Upon his return he saw that while some had seized the opportunity to be productive one had allowed fear to impede his progress.

The core of this parable imparts timeless wisdom: each of us possesses distinct talents and opportunities and it is our sacred duty to nurture and develop them.

Dear students, your most precious gift is education! Exams are your canvas to showcase growth. Accountability is the compass. Each test unveils your progress and reveals your genuine potential.

Thus, let's tackle exams with determination, ceaselessly striving for excellence. By mirroring the values personified by Jesus, you will unlock the remarkable talents entrusted to you.

For successful exam preparation, craft a personalized study schedule, set achievable goals, seek assistance when needed, prioritize self-care, and remain open to adapting your study strategies as necessary. Your journey to success is rooted in these fundamental principles.
